Program supplement No. 015-M obligates \$463,339 of Federal Highway Bridge Replacement and Rehabilitation (HBRR) funds to replace bridge no. 54C-437 on Oak Glen Road at Wilshire Creek and realign the surrounding roadway. The bridge is in need of replacement due to its narrow width and load limit restrictions. The realignment will eliminate several sharp curves and improve the safety of the roadway in the vicinity of the bridge. This project is 80% reimbursable through federal HBRR funds. The remaining \$115,835 (20%) will be funded by County Road Funds. This program supplement includes standard conditions to which the County must agree prior to reimbursement of federal funds.

The total cost of this project is estimated to be \$579,174. The program supplement specifies that \$463,339 (80%) is reimbursable from Federal HBRR funds. The remaining \$115,835 (20%) will be paid from the County Road Fund. Appropriations for this project are programmed in the approved FY 1999/2000 budget for the County Road Fund (SAA-TRA-TRA).
